The First Marriage: A Love Story That Began on a Film Set

Meeting the Man Who Stood Beside Her

Ranjani's first husband, Arjun Varma, was a cinematographer who had been working on the set of her debut film. Their initial encounter was serendipitous: Arjun was tasked with capturing the emotional crescendo of Ranjani's first playback performance, and the chemistry between them was palpable. Within a month, the pair began dating, and their relationship quickly evolved into a deep, affectionate partnership.

Professional Synergy and Mutual Growth

Arjun's technical expertise complemented Ranjani's artistic vision. Reasons for Separation

In 2020, after four years of marriage, Ranjani and Rahul decided to part ways amicably. They cited differing career trajectories and a desire to pursue individual goals as primary reasons for their decision. Their separation was handled with grace, and both parties publicly expressed gratitude for the time they had spent together.
