The Biblical Basis of Jesus' Family

Jesus' genealogy is recorded twice in the New Testament: in *Matthew 1:1 17* and in *Luke 3:23 38* Each account serves a different purpose, but both confirm that Jesus is the promised Messiah from the line of King David.

In *Matthew*, the focus is on legal ancestry, showing that Jesus is a rightful heir to the throne of Israel. *Luke* presents a biological lineage, tracing Jesus back to Adam, which underscores His universal significance.

Both passages emphasize the theme that God's plan was carried out through ordinary families, illustrating that divine purpose can be found within everyday life.
